How to Apply for This Rebate

1. Rebate funds are limited. Contact rebates@dakotaelectric.com or 651-463-6243 to reserve funds. This is not a guarantee of project approval.
2. Fill out this rebate application. All information needs to be supplied before a rebate check can be issued. Please note any warranty, rules or qualifications on page two of this form.
3. Complete and sign rebate forms. Mail or fax pages 1 and 3 to:
Rebates, Dakota Electric Association, 4300 220th Street West, Farmington, MN 55024
Fax number: 651-460-7524

Application # _____

Specific Rules and Qualifications

1. Documents establishing proof-of-purchase (invoice) must be included when the original rebate application is completed.
2. On the documents establishing proof-of-purchase, circle the energy-saving products for which a rebate is requested and attach to the original application. If not indicated on the invoice, please add the number of units installed, manufacturer, model number and capacity (in tons).
3. Submit the manufacturer's data sheets with the rebate application. The sheets must show efficiency ratings in accordance with the most recent ARI Standards and must contain efficiency information.
4. Only new and complete ground-source heat pump units with loop fields qualify. Rebuilds are not eligible.

Warranty Information

Rebate qualifications do not imply any representation or warranty of such equipment, design or installation by Dakota Electric Association. Dakota Electric Association shall not be responsible or liable for any personal injury or property damage caused by this equipment. Dakota Electric Association does not guarantee that a specific level of energy or cost savings will result from the implementation of energy conservation measures or the use of products funded under this program. In no event shall Dakota Electric Association be liable for any incidental or consequential damages.

Other Important Program Rules

1. Installation must be complete before funds will be issued for the rebate.
2. Members and vendors must submit itemized equipment invoices, along with rebate application and worksheet, to Dakota Electric Association. To ensure that the equipment installed meets Dakota Electric Association's performance standards, these invoices must itemize labor charges, quantity and price of the equipment installed, as well as information regarding the manufacturer and model numbers for all equipment included in the rebate.
3. Dakota Electric Association reserves the right to conduct random inspections of installations.
4. The member is responsible for checking with Dakota Electric Association to determine whether funding is available and to verify program parameters.
5. Project must comply with all program specific rules and qualifications.
6. Qualifying members must apply for 2012 rebates no later than November 15, 2012.
7. The maximum rebate amount shall be the lesser of 50 percent of the project cost or \$100,000, based on \$400 per ton rebate.

Business name _____

Minimum Qualifying Criteria				
Equipment Type	Minimum Efficiency		Base Rebate \$/Ton	Specific Rules
	EER	C.O.P.		
Ground-Source Heat Pump	EER	C.O.P.		
Closed Loop	≥ 11.7	≥ 3.0	\$400	ARI Standard 13256-1 (EWT @ 32° F Heating & 77° F Cooling)
Open Loop	≥ 13.5	≥ 3.3	\$400	ARI Standard 13256-1 (EWT @ 50° F & 50 ° F Cooling)

EER – Energy Efficiency C.O.P. – Coefficient of Performance
