

ENERGYWISE

FOR YOUR HOME

While EVs in the Revolt program will be completely powered by wind energy, standard or off-peak rates still apply for the electricity used to fuel them.

Ask about Dakota Electric's ChargeWise program to save money every time you plug in your EV. Two options let you choose what time to charge your car and how much to pay. You'll wake up fully charged and get off to a great start—now and for many mornings to come.

revoltSM FOR PLUG-IN ELECTRIC VEHICLES

EMBRACE ELECTRIC VEHICLES

Power your EV with 100% wind energy

We're taking a bold step—doing something no energy provider has ever done. Along with our power supplier, Great River Energy, we're offering you an opportunity to power your electric vehicle with 100% wind energy, for the lifetime of that vehicle, at no extra cost. You'll still have to pay for the energy you use, but you'll be able to do so knowing that when you go electric, you'll always be going green.

How do you know you'll be getting 100% wind energy? Energy comes from all kinds of sources; wind, natural gas, coal and so on. Once it hits the power grid, there's no way of telling where it came from. However, when renewable energy is added to the mix, a renewable energy credit (REC) is created that embodies all of the environmental benefits of that energy. When you claim your Revolt upgrade, we'll dedicate wind energy RECs on your behalf, completely offsetting the energy used to power your electric vehicle.

What EVs are eligible for Revolt?

Two categories of electric vehicles are eligible for enrollment in Revolt: plug-in electric vehicles (PEV) and plug-in hybrid electric vehicles (PHEV).

PEVs are all electric, all of the time, and have no internal combustion engine or gas tank. PHEVs are the multi-taskers, running on both gas and electricity.

Hybrid electric vehicles that have a gas tank and no plug are not eligible. They charge through regenerative braking and by drawing power from the engine.

Enrolling in Revolt is easy

Step 1: Buy or lease an EV. If you already have one, skip to step 2.

Step 2: Fill out and return the enrollment form on the back.

Step 3: Submit the completed enrollment form.

What if you're not ready to get an electric vehicle? That's OK. The upgrade is available until Dec. 31, 2019.

Contact us

Dakota Electric's Energy Experts® are available to assist you in enrolling in Revolt and choosing the right EV rate for your needs. Contact us at 651-463-6243 for more

Wind Energy for your EV

Congratulations! You've made a difference for your pocketbook and the environment by driving one of the most efficient vehicles on the planet! To make it even better, you're taking advantage of our RevoltSM program and upgrading to wind energy for the electricity used to fuel your vehicle at no additional cost above your normal electricity rates!

Simply fill out the form below and submit it via email or U.S. Mail to the address provided below.

Thank you for signing up for the Revolt wind energy program. Your proof of wind energy designation will arrive in the mail within 30 days.

Cooperative Member Information:

Name _____ Account # _____

Primary vehicle address _____

City _____ State _____ ZIP _____ Phone _____

Plug-in Electric Vehicle Information:

Make _____ Model _____ Year _____

Purchase Date _____ VIN# _____

Purchase Location (Dealership name and address) _____

When do you primarily plan to charge your PEV or PHEV? (Check all that apply):

Overnight (off-peak) Morning Afternoon Whenever my car needs a charge

Are you aware of off-peak rate electricity available at a discounted rate from 11 p.m.–7 a.m.? Check one:

Yes No Please contact me with more information about this program.

Do you plan to charge your vehicle: (Check all that apply):

At home on a 120V outlet At home on an upgraded 240V outlet At work At a public charging

infrastructure Do you currently participate in one of our charging programs? Check one: EV Storage EV1

By signing this application, I certify the electric vehicle I am enrolling in the Revolt program is installed at the address listed above, and that I am a cooperative member.

Signature _____ Date: _____
