

REVOLT FOR PLUG-IN ELECTRIC VEHICLES

CHARGEWISE PROGRAM

While EVs in the Revolt program will be completely powered by wind energy, standard off-peak rates still apply for the electricity used to fuel them.

Ask about Dakota Electric's ChargeWise program to save money every time you plug in your EV. Two options let you choose what time to charge your car and how much to pay.

Call the Energy Experts today to at 651-463-6243.

Dakota Electric, along with our power supplier Great River Energy are offering members an opportunity to power their EVs with 100% wind energy, for the lifetime of that vehicle, at no extra cost.

HOW IT WORKS

Energy comes from a variety of sources; wind, natural gas, coal, etc. Once it hits the power grid, there's no way of telling where it came from. However, when renewable energy is added to the mix, a renewable energy credit (REC) is created that embodies all of the environmental benefits of that energy. When you claim your Revolt upgrade, we'll dedicate wind energy RECs on your behalf, completely offsetting the energy used to power your vehicle.

WHAT EVS ARE ELIGIBLE FOR REVOLT?

Two categories of EVs are eligible for enrollment in Revolt:

- 1. Plug-in electric vehicles (PEV):** All electric, all the time and have no internal combustion engine or gas tank.
- 2. Plug-in hybrid electric vehicles (PHEV):** Run on both gas and electricity.

Hybrid electric vehicles that have a gas tank and no plug are not eligible since they charge through regenerative braking and by drawing power from the engine.

HOW TO ENROLL IN REVOLT

Step 1: Buy or lease an EV. If you already have one, skip to step two.

Step 2: Fill out the Revolt enrollment form.

Step 3: Submit the completed enrollment form.

REVOLT FOR PLUG-IN ELECTRIC VEHICLES

2024 Enrollment Form

Thank you for signing up for the Revolt® wind energy program and upgrading to wind energy for the electricity used to fuel your vehicle at no additional cost above your normal electricity rates. Your proof of wind energy designation will arrive in the mail within 30 days.

Submit completed enrollment form and a copy of the dealer invoice or vehicle title to:

Revolt Renewable Energy Program Processing, Dakota Electric Association, 4300 220th Street West, Farmington, MN 55024

Or email to: energyservices@dakotaelectric.com
